## Review Report on the Interim Condensed Consolidated Financial Statements

### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Invest Bank (the "Bank") and its subsidiaries (the "Group") as of 30 June 2022 and the related interim condensed consolidated statement of profit or loss, interim condensed consolidated statement of other comprehensive income, the interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the six months then ended and other explanatory notes "interim condensed consolidated financial statements". Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard (34) "interim financial reporting" as amended by the Central Bank of Jordan instructions. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements (2410) "Review of condensed consolidated Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to the attention that causes us to believe that the accompanying interim condensed consolidated financial statements as of 30 June 2022 are not properly prepared, in all material respects, in accordance with International Accounting Standard (34) as amended by the Central Bank of Jordan instructions.

**1) GENERAL INFORMATION**

INVESTBANK (the “Bank”) was established as a Jordanian public shareholding company under registration No. (173) dated 12 August 1982 in accordance with the Companies Law No. (12) for the year 1964 with a paid in capital of JD 6 million distributed over 6 million shares with a par value of JD 1 per share. The Bank’s capital was increased several times to become JD 77,500,000 / JD 1 per share as of 31 December 2010. Furthermore, during 2011, the Bank’s capital was increased to JD 85,250,000 / JD 1 per share. Finally, the Bank’s capital was increased by JD 14,750,000 on 10 April 2012. Accordingly, the Bank’s authorized and paid in capital became JD 100 Millions / JD 1 per share.

The Bank’s Head Office is located in Amman, Abd Alhameed Sharaf Street, Shmesani, Tel: 06-5001500, P.O Box 950601, Amman – 11195 Hashemite kingdom of Jordan.

The Bank provides banking and related financial services through its Head Office and its twelve branches in the Hashemite Kingdom of Jordan, and through its subsidiaries.

INVESTBANK is a public shareholding company listed in Amman Stock Exchange.

These interim condensed consolidated financial statements were approved by the Board of Directors at its session number (05/2022) that held on 25, July 2022.

**(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Following are the significant accounting policies used by the Group in the preparation of these interim condensed consolidated financial statements.

**2.1 Basis of preparation of the consolidated financial statements**

- The interim condensed consolidated financial statements of the Bank and its subsidiaries (together “the group”) have been prepared in accordance with the International Accounting Standards No. (34) (“interim financial reporting”), as amended by Central Bank of Jordan instructions.

**The main differences between the IFRSs as they must be applied and what has been amended by the Central Bank of Jordan are the following:**

- Provisions for expected credit losses are formed in accordance with the instructions of the Central Bank of Jordan (No. 13/ 2018) “Application of the IFRS (9)” dated 6 June 2018 and in accordance with the instructions of the supervisory authorities in the countries in which the bank operates, whichever is stricter. The significant differences are as follows:
- Debt instruments issued or guaranteed by the Jordanian government are excluded from the calculation of ECL provision, so that credit exposures are treated and guaranteed by the Jordanian government with no expected credit losses.
- When calculating credit losses provision against credit exposures, the calculation results are compared according to the International Financial Reporting Standard No. (9) with the instructions of the Central Bank of Jordan No. (47/2009) dated December 10, 2009 for each stage separately and the strictest results are taken in the recognition and are classified according to Central bank of Jordan requirements.
- Interest and commissions are suspended on credit facilities classified on stage 3 granted to clients in accordance with the instructions of the Central Bank of Jordan.
- In accordance with the Central Bank of Jordan's instructions for the classification of credit facilities and the calculation of impairment provision number (47/2009) issued on December 10, 2009, credit facilities were classified into the following categories:

A- low risk credit facilities, which do not require provision:

1. Granted to the Jordanian government with its guarantee, as well as to the governments of countries where Jordanian banks have branches, such facilities are granted the same currency as the host country.
2. Cash Guaranteed by (100%) of the outstanding balance at any time.
3. Guaranteed with a (100%) banker's acceptance.

- B- Acceptable risk credit facilities, which do not require provision:
1. Strong financial positions and adequate cash flows.
  2. Contracted and covered with duly accepted guarantees.
  3. Having good sources of repayment.
  4. Active account movement and regular payment for principal amount and interest.
  5. Efficient management of the client.
- C- Credit facilities listed under the watch-list (requiring special attention) which impairment allowances for are calculated within a range of (1.5% - 15%). These credit facilities are characterized by any of the following:
1. The existence of dues for a period of more than (60) days and less than (90) days for the principal of credit facilities and/or interest.
  2. Exceeding the overdraft predetermined limit by (10%) or more, and for a period of more than (60) days and less than (90) days.
  3. Credit facilities that have previously been classified as non-performing credit facilities then removed through scheduling.
  4. Acceptable-risk credit facilities that has been rescheduled twice in one year.
  5. Credit facilities that have been expired for more than 60 days and less than (90) days and have not been renewed.

This is in addition to other conditions detailed in the instructions.

- D- Non-performing credit facilities: which are characterized with any of the following:
1. One of its installments has been due, the principal and/or interest asset, or the overdraft account has been dormant for the following terms:

<b>Classification</b>	<b>Number of Breach days</b>	<b>Ratio of the provision in to the first year</b>
Substandard credit facilities	(90) to (179) days	25%
Doubtful credit facilities	(180) to (359) days	50%
Loss credit facilities	(360) days and more	100%

2. Overdrafts that exceed the granting limit by (10%) and more, and for the duration of (90) days and more.
3. Credit facilities that have been expired for 90 days or more and have not been renewed.
4. Credit facilities granted to any customer declared bankrupt or to any company that has been deemed under liquidation.
5. Credit facilities that have been restructured three times in a year.
6. Current and on-demand accounts overdrawn for (90) days or more.
7. The value of the guarantees paid on behalf of the customers and has not been debited to their accounts, for 90 days or more overdue.

The expected credit losses provision against credit facilities is calculated in accordance with the 47/2009 instructions for this category of facilities according to the above ratios and the amount of unguaranteed credit facilities during the first year, while the allocation of the covered amount is completed at 25% and over four years.

INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE SIX MONTHS ENDED 30 JUNE 2022**

- Assets seized by the Bank appear in the consolidated statement of financial position within other assets at the amount equal to the lower of which they were seized by the Bank or the fair value, and are revaluated according to the Central Bank of Jordan instructions on an individual basis. Any impairment in their value is recorded as a loss in the consolidated statement of profit or loss and the increase is not recorded as revenue. The subsequent increase is taken to the consolidated statement of profit or loss to the extent that it does not exceed the value of the previously recorded impairment. As of the beginning of 2015, a gradual provision was made for real estate acquired for more than 4 years against debts according to the Circular of the Central Bank of Jordan No. 15/1/4076 dated 27 March 2014 and No. 10/1/2510 dated 14 February 2017. Noting that the Central Bank of Jordan issued Circular No. 10/1/13967 dated 25 October 2018, in which the Circular No. 10/1/16607 dated 17 December 2017 was approved for extension. The Central Bank of Jordan also confirmed postponing the calculation of the provision until the end of the year 2019. According to the Central Bank of Jordan Circular No. 10/1/16239 dated 21 November 2019, deduction of the required provisions against real estate acquired is made at the rate of (5%) of the total book values of these real states (regardless of the period of violation) as of the year 2021, also, according to the letter of the Central Bank of Jordan No. 10/3/13246 dated September 2, 2021, addressed to the Association of Banks in Jordan, the completion of calculating the provision has been postponed until 2022, so that the required percentage of (50%) of those properties will be reached by the end of the year 2030.
- Additional provisions are calculated in the consolidated financial statements against some of the bank's foreign investments in some neighboring countries if any, and at the request of the Central Bank of Jordan.
- The cash and balances with the central bank item include the cash reserve requirements item, which represents balances restricted for withdrawal in accordance with the instructions of the supervisory authority in countries in which the bank operates, whichever is stricter.
- The interim condensed consolidated financial statements have been prepared on the historical cost basis, except for financial assets at fair value through statement of profit or loss, and financial assets at fair value through other comprehensive income that have been measured at fair value at the date of these interim condensed consolidated financial statements, as well as financial assets and liabilities that have been hedged against the risks of change in their fair value.
- These interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements prepared in accordance with International Financial Reporting Standards as modified by Central Bank of Jordan instructions these interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements of the Group for the year ended December 31, 2021, Furthermore, the results of operations for the six months ended June 30, 2022 do not necessarily reflect an accurate indicator about the expected results for the year ended December 31, 2022, furthermore, provisions have not been made for period profit which shall be conducted for the period ended June 30, 2022, Which was done at the end of the year.
- The Jordanian Dinar is the presentation currency for the Interim Condensed consolidated financial statements and is the Bank's functional currency.

**2.2 Changes in accounting policies and disclosures**

**A. Applied Accounting Policies**

- The accounting policies followed in the preparation of these interim condensed consolidated financial statements are identical with the accounting policies that were followed in the preparation of the last consolidated financial statements of the group for the year ended December 31, 2021 except for application of new standards are amendments to existing standards as mention below.

Sale or grant of assets between an investor and an affiliate company or a joint venture (amendments to IFRS 10 and IAS 28)	Optional

The management does not expect that there will be a material impact from the above standards upon implementation.

**(2.3) Basis of consolidation**

The consolidated financial statements include the financial statements of the bank and the companies under its control (its subsidiaries), and control is achieved when the bank has:

- The ability to control the investee entity;
- is exposed to, or has the right to, variable returns from its involvement with the investee;
- it has the ability to use its power to influence the investee's returns.

The Bank reassess whether or not it controls the entities invested in, if facts and circumstances indicate that there are changes to one or more of the control points referred to above.

If the Bank's voting rights are less than the majority of the voting rights in any of the investee entities, it has the ability to control when the voting rights are sufficient to give the Bank the ability to unilaterally direct the activities of the related subsidiary. The bank takes into account all facts and circumstances when assessing whether the bank has enough voting rights in the investee to give it the ability to control. Among those facts and circumstances:

- the size of the Bank's voting rights relative to the size and distribution of other voting rights;
- potential voting rights held by the Bank and any other voting rights holders or third parties;
- rights arising from other contractual arrangements; And
- Any additional facts and circumstances that indicate that the Bank has, or does not have, a current responsibility to direct the relevant activities. At the time of making the required decisions, including how to vote at previous general body meetings

A subsidiary is consolidated when the Bank controls the subsidiary and ceases when the Bank loses control of the subsidiary. Specifically, the results of operations of subsidiaries acquired or disposed of during the year are included in the consolidated statement of profit or loss from the date control is achieved until the date control is lost over the subsidiary.

Profits and losses and each item of comprehensive income are distributed to the owners of the entity and the non-controlling shares. The comprehensive income of the subsidiaries is distributed to the owners in the enterprise and the share of the non-controllers, even if this distribution will lead to the emergence of a deficit in the balance of the non-controlling share.

Adjustments are made to the financial statements of the subsidiaries, when necessary, to bring their accounting policies in line with the accounting policies adopted by the Bank.

All assets, liabilities, equity, income and expenses relating to transactions and balances between the Bank and its subsidiaries are eliminated on consolidation.

**INVESTBANK  
(PUBLIC SHAREHOLDING COMPANY)  
INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE SIX MONTHS ENDED 30 JUNE 2022**

Non-controlling interests in subsidiaries are determined separately from the Bank's equity in these entities. Non-controlling interests' that are currently equity-accounted for in a proportionate share of net assets on liquidation may initially be measured at fair value or at the non-controlling interests' proportionate share of the fair value of the identifiable net acquirer. Assets. The measurement is chosen on the basis of acquisition. Other non-controlling interests are initially measured at fair value. After acquisition, the carrying amount of the non-controlling interest is the amount of those interests on initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income accrues to the interests of the non-controlling interests even if this results in a deficit in the non-controlling interests' balance.

Changes in the Bank's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The present value of the Bank's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and is attributable to the owners of the Bank.

When the Bank loses control over a subsidiary, the gain or loss on disposal is recognized in the consolidated statement of profit or loss as the difference between (i) the total fair value of the consideration received and the fair value of any remaining interests and (ii) the past present value of the assets (including goodwill), minus the liabilities of the subsidiary and any non-controlling interests.

All amounts previously recognized in other comprehensive income in respect of that subsidiary are accounted for as if the Bank had directly disposed of the assets or liabilities of the subsidiary.

The fair value of the investment retained in the former subsidiary at the date of loss of control is considered as the fair value on initial recognition for subsequent accounting under IFRS 9 Financial Instruments when the provisions of the Standard apply, or the cost of initial recognition of the investment in an associate or joint project.

These interim condensed consolidated financial statements include the Bank and its subsidiaries as of June 30, 2022:

**\*\*Based on the decision of the bank's board of directors at its first meeting of 2022, it was approved to close the Jordan Factoring Company.**

During the first half of 2022, the Board of Directors of the Bank, at its meeting held on February 9, 2022, agreed to sell the entire share of the Bank from the shares of Al-Mawarid Financial Brokerage Company, and the sale took place on June 30, 2022.

The financial statements of the subsidiaries are prepared for the same financial period for the Bank using the same accounting policies adopted by the Bank. Changes are made to the accounting policies of subsidiaries, when necessary, to align them with accounting policies adopted by the Bank.

The financial statement of the subsidiaries are consolidated in the consolidated statement of profit or loss from the date it was owned, on which control is transferred to the Bank and cease to be consolidated from the date on which Bank lost control.

Non-controlling interest represents the portion of net profit or loss and net assets not owned -directly or indirectly- by the Bank in its subsidiaries and are presented in consolidated statement of profit or loss and within equity in the consolidated statement of financial position separately from the equity attributable to the shareholders of the Bank.

In the case of preparing separate financial statements for the bank as an independent entity, the investments in subsidiaries are recorded at cost.

**(3) ACCOUNTING ESTIMATES**

Preparation of the interim condensed consolidated financial statements and the application of the accounting policies require the Group's management to perform assessments and assumptions that affect the amounts of financial assets and liabilities, financial assets valuation reserve – net and the disclosure of contingent liabilities. Moreover, these assessments and assumptions affect revenues, expenses, provisions, and changes in the fair value shown within the consolidated statement of comprehensive income. In particular, this requires the Group's management to issue significant judgments and assumptions to assess future cash flow amounts and their timing. Moreover, the mentioned assessments are necessarily based on assumptions and factors with varying degrees of consideration and uncertainty. In addition, actual results may differ from assessments due to changes resulting from the conditions and circumstance of those assessments in the future.

**(COVID-19) Impact**

The Coronavirus (COVID-19) pandemic has spread across different geographies globally, disrupting business and economic activities. The Corona Virus (Covid 19) pandemic has caused doubts globally. The financial and monetary authorities, both local and international, announced various support measures around the world to counter the potential negative effects, as at the present time, after most of the world's countries have removed restrictions and closures and returned to normal life and returned to the gradual raising of interest rates to confront the high rates of inflation. caused by the turmoil on the European continent. At the present time, there is a significant increase in uncertainty in determining the economic impact that follows the possibility of the pandemic ending due to global economic conditions and the possibility of entering into a recession. Risk Management will continue to monitor the situation closely through its business continuity plan and other risk management practices to manage any potential disruptions to The Group's business, operations and financial performance.

**Fair Value:**

- Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether the price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Bank considers, in determining the price of an asset or liability, whether market participants are required to take into account those factors at the measurement date. The fair value is determined for the purposes of measurement and/or disclosure in these financial statements in accordance with those bases, with the exception of what is related to measurement procedures that are similar to fair value procedures and are not fair value such as fair value as used in International Accounting Standard No. (36).

**INVESTBANK**  
**(PUBLIC SHAREHOLDING COMPANY)**  
**INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE SIX MONTHS ENDED 30 JUNE 2022**

- In addition, fair value measurements are categorized, for financial reporting purposes, into Level 1, (2) or (3) based on the clarity of the inputs for the fair value measurements and the significance of the inputs to the fair value measurements in full, and are defined as follows:
  - **Level 1** inputs: These are the inputs derived from the quoted (unadjusted) prices of identical assets or liabilities in active markets that the entity can obtain at the measurement date.
  - **Level 2** inputs: These are the inputs derived from the data, except for the listed prices used in Level 1 and noted for assets or liabilities, whether directly or indirectly.
  - **Level 3** inputs: These are inputs for assets or liabilities that do not depend on observed market prices.

**(28) FAIR VALUE HIERARCHY**

The below table analyze the financial instruments carried at fair value by the valuation method. The different levels have been defined as follows:

**Level 1:** quoted prices (unadjusted) for assets or liabilities in active markets. Most of financial assets at fair value through other comprehensive income are in Jordan, Palestine markets and international markets.

**Level 2:** quoted prices in active markets for similar assets or liabilities or other valuation techniques for which all inputs which have a significant effect on the recorded fair value are based on market information.

**Level 3:** techniques which use inputs which have no significant effect on the recorded fair value that are not based on observable market data, book value was used as it's the most appropriate measurement tool for investments.

Other assets include non-monetary assets which represents real-estate investments for the bank subsidiaries (Jordan Trade Facilities and Bindar for Trade and investment), which is not measured in fair value in the financial statements. the fair value for the real-estate investments classified at level 2 is 3,219,544 JD as of 30 June 2022, in comparison to 3,234,644 JD as of 31 December 2021.

\* Investments at fair value through other comprehensive income include an amount of 450,000 JD, which belongs to investments in a listed company, but the market price of the share was not adopted in determining the fair value of the investment because there is no active trading on the company's shares, as the company distributed free shares during 2021 Through the company's capital increase, the impact of this was not reflected on the market price of the share as a result of the absence of any transactions for the share during the year.

**(29) FAIR VALUE OF FINANCIAL INSTRUMENTS**

There are no material differences between the fair value of financial instruments not measured at fair value on Consolidated Statement of Financial Position and their carrying value recognized in the consolidated financial statements. Moreover, there are no material differences between the fair value and the carrying value of the direct credit facilities, financial assets at amortized cost, banks and financial institutions deposits, customer deposits, cash margins and borrowed funds stated at amortized costs in consolidated financial statements, due to the immaterial difference in the market interest rates for similar financial instruments of the contractual prices and due to the short terms of maturity of the banks and financial institutions deposits. The fair value of financial assets at amortized cost is determined through the quoted prices if available or through the valuation models used for fixed price bonds.
